

## HEADOFFICE MONO desk range. Design: Wolfgang C. R. Mezger.

---

The concept of the Headoffice Mono executive and conference range - Desk top and side, horizontal and vertical form a homogeneous structure. Balanced geometry: the right angle made by the slab end and table top seems to float above the set-back volume of the unit below. An optional sliding leather panel can be used to access different media.

### Product description

---

#### Desks and conference tables

##### Desks

##### Table tops and sides

Surfaces: fine textured paint, paint white no. .03, HPL laminate, fenix®, linoleum or veneers from price groups II, IV, V, VI.

Table top and sides are connected using mitered joints. Thickness of top: 58 mm.

##### Sliding leather panel (for surcharge)

Covered with leather from PG 55. The sliding panel can be pulled out 15 cm.

*Please note the country specific plug equipment (to be found within the notice above the regarding product or next to the model number).*

---
